Home Office

Criminal Justice
Information Technology,
Portland House

November 2002 & March 2003

This fabulous project for the Home Office's Criminal Justice IT department of Portland House, SW1 was one of a number of Home Office projects that Roc furnished across the London estate within the 'Inland Revenue, Customs and Excise and Prison Service Framework Contract'.

As you can see from the impressive space plan (overleaf), the project included satisfying all of the customer's requirements for general office, meeting and conference and break-out areas.
